

The People

"I was issued a Naloxone injection kit at Horizon on Cookson Street Blackpool at the information session. After 4 days of being issued with Naloxone one of my friends overdosed on Heroin of which I casted my mind back to what I was taught at the info session."

"I was petrified and used one dose of the Naloxone and after about 2 minutes my friend came back around."

"It was a very useful thing to have on me as it saved my friends life."

"I recommend that Naloxone should be issued as it's a life saver."

"I think it's a good idea as I've been in a situation where I'm watching for ambulance and feeling like I'm doing no good. So if I have this I can help more."

"Saves lives"

"I love doing this now"
"I didn't think it would take off like this"
"This will make a difference"

Everyone's a Winner!
